

# Safety Data Sheet

## 1 - Identification

<b>Product Name:</b> WD-40® BIKE All-Purpose Wash <b>Product Use:</b> Bike Cleaner <b>Restrictions on Use:</b> None identified <b>SDS Date Of Preparation:</b> 07/29/2015	<b>Manufacturer:</b> WD-40 Company <b>Address:</b> 1061 Cudahy Place (92110) P.O. Box 80607 San Diego, California, USA 92138 -0607 <b>Telephone:</b> <b>Emergency only:</b> 1-888-324-7596 (PROSAR) <b>Information:</b> 1-888-324-7596 <b>Chemical Spills:</b> 1-800-424-9300 (Chemtrec) 1-703-527-3887 (International Calls)

## 2 – Hazards Identification

### Hazcom 2012/GHS Classification:

Eye Irritant Category 2

### Warning

Causes serious eye irritation

### Prevention

Wash thoroughly after handling.

Wear eye protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. If eye irritation persists: Get medical advice or attention.

## 3 - Composition/Information on Ingredients

Ingredient	CAS #	Weight Percent	US Hazcom 2012/ GHS Classification
Sodium Tripolyphosphate	7758-29-4	1-5%	Not Hazardous
Surfactants	Proprietary	5-10%	Eye Irritant Category 2A
Water and Non-Hazardous Ingredients	Mixture	Proprietary	Not Hazardous

Note: The exact percentages are a trade secret.

## 4 – First Aid Measures

**Ingestion (Swallowed):** DO NOT induce vomiting. Call physician, poison control center or the WD-40 Safety Hotline at 1-888-324-7596 immediately.

**Eye Contact:** Flush thoroughly with water. Remove contact lenses if present after the first 5 minutes then continue flushing for 5-10 additional minutes. Get medical attention if irritation persists.

**Skin Contact:** Wash with water. If irritation develops and persists, get medical attention.

**Inhalation (Breathing):** If irritation is experienced, move to fresh air. Get medical attention if irritation or other symptoms develop and persist.

**Signs and Symptoms of Exposure:** Causes serious eye irritation. May cause skin irritation. May be harmful if swallowed.

**Indication of Immediate Medical Attention/Special Treatment Needed:** Immediate medical attention is not generally required.

### 5 – Fire Fighting Measures

**Suitable (and unsuitable) Extinguishing Media:** This product is not flammable or combustible. Use any media that is appropriate for the surrounding fire.

**Specific Hazards Arising from the Chemical:** This product is not classified as flammable or combustible but will burn under fire conditions after the water has evaporated.

**Special Protective Equipment and Precautions for Fire-Fighters:** Firefighters should always wear positive pressure self-contained breathing apparatus and full protective clothing in areas where chemicals are used and stored. Cool fire-exposed containers with water.

### 6 – Accidental Release Measures

**Personal Precautions, Protective Equipment and Emergency Procedures:** Wear appropriate protective clothing (see Section 8). Avoid contact with the spilled material.

**Methods and Materials for Containment/Cleanup:** Small spills can be neutralized with acetic acid and washed down the drain with plenty of water or collected with an absorbent material and placed in a container for disposal. Clean the spill area with water. Large spills should be contained with an inert absorbent material. Collect into containers for proper disposal.

### 7 – Handling and Storage

**Precautions for Safe Handling:** Avoid contact with eyes, skin and clothing. Avoid breathing vapors or mists. Use with adequate ventilation. Keep container closed when not in use. Immediately remove any contaminated clothing and launder before reuse. Wash thoroughly after use. Keep out of the reach of children. Do not use with any other cleaning agents or household chemicals. Dangerous reactions may occur.

**Conditions for Safe Storage:** Store in a cool, dry area, away from incompatible materials.

### 8 – Exposure Controls/Personal Protection

Chemical	Occupational Exposure Limits
Sodium Tripolyphosphate	None Established
Surfactants	None Established

#### The Following Controls are Recommended for Normal Consumer Use of this Product

**Engineering Controls:** Use in a well-ventilated area.

**Personal Protection:**

**Eye Protection:** Avoid eye contact.

**Skin Protection:** Avoid prolonged skin contact.

**Respiratory Protection:** None required.

#### For Bulk Processing or Workplace Use the Following Controls are Recommended

**Engineering Controls:** Use with adequate general ventilation or local exhaust to minimize exposure levels.

**Personal Protection:**

**Eye Protection:** Chemical safety goggles recommended.

**Skin Protection:** Wear rubber gloves and protective clothing if needed to avoid prolonged skin contact.

**Respiratory Protection:** If mists are formed in use and irritation is experienced, wear an approved respirator. Selection of respiratory protection depends on the contaminant type, form and concentration. Select in accordance with OSHA 1910.134 and good Industrial Hygiene practice.

**Work/Hygiene Practices:** Avoid contact with the eyes. Rinse hands thoroughly after use.

## 9 – Physical and Chemical Properties

Appearance:	Clear liquid	Flammable Limits:	None
Odor:	Mild odor	Vapor Pressure:	Same as water
Odor Threshold:	Not established	Vapor Density:	Same as water
pH:	9.3	Relative Density:	1.026
Melting/Freezing Point	Not determined	Solubilities:	Soluble in water
Boiling Point/Range:	~212°F (100°C)	Partition Coefficient; n-octanol/water:	Not Determined
Flash Point:	None	Autoignition Temperature:	Not Determined
Evaporation Rate:	Not Determined	Decomposition Temperature:	Not Determined
Flammability (solid, gas)	Not applicable	Viscosity:	Not determined
VOC:	0 grams/liter (0%)	Pour Point:	Not determined

## 10 – Stability and Reactivity

**Reactivity:** Not reactive under normal conditions

**Chemical Stability:** Stable

**Possibility of Hazardous Reactions:** May react with strong oxidizers generating heat.

**Conditions to Avoid:** None known.

**Incompatible Materials:** Strong acids and oxidizing agents.

**Hazardous Decomposition Products:** Thermal decomposition may release oxides of phosphorus, carbon and nitrogen.

## 11 – Toxicological Information

**Symptoms of Overexposure:**

**Inhalation:** Breathing of mists may cause mild irritation to the eyes, mucous membranes of the throat and nose and upper respiratory tract.

**Skin Contact:** May cause mild skin irritation on prolonged contact.

**Eye Contact:** Causes eye irritation with pain, tearing, swelling and redness.

**Ingestion:** May be harmful if swallowed. May cause irritation to the mouth and gastrointestinal tract. May cause abdominal pain, nausea and vomiting.

**Chronic Effects:** None expected.

**Carcinogen Status:** None of the components are listed as a carcinogen or suspect carcinogen by IARC, NTP, ACGIH or OSHA.

**Reproductive Toxicity:** None of the components is considered a reproductive hazard.

**Numerical Measures of Toxicity:**

Sodium Tripolyphosphate: Oral LD50 rat 3900 mg/kg, Dermal LD50 rabbit >4640 mg/kg.

Surfactants: No data is available.

## 12 – Ecological Information

**Ecotoxicity:** No specific data for the product is available. Large amounts may be harmful to aquatic organisms

**Persistence and Degradability:** The surfactants in this product are biodegradable.

**Bioaccumulative Potential:** Not expected to be bioaccumulative.

**Mobility in Soil:** No data available

**Other Adverse Effects:** Product contains an inorganic phosphate which can act as a fertilizer under certain conditions and promotes the growth of algae.

## 13 - Disposal Considerations

If this product becomes a waste, it would be not be expected to meet the criteria of a RCRA hazardous waste. However, it is the responsibility of the generator to determine at the time of disposal the proper classification and method of disposal. Dispose in accordance with federal, state, and local regulations.

#### 14 – Transportation Information

DOT Surface Shipping Description: Not Regulated  
IMDG Shipping Description: Not Regulated  
ICAO Shipping Description: Not Regulated

#### 15 – Regulatory Information

##### U.S. Federal Regulations:

**CERCLA 103 Reportable Quantity:** This product has a CERCLA reportable quantity of 100,000 lbs based on the RQ for sodium tripolyphosphate of 5000 lbs. Many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations

##### SARA TITLE III:

**Hazard Category For Section 311/312:** Acute health

**Section 313 Toxic Chemicals:** This product contains the following chemicals subject to SARA Title III Section 313 Reporting requirements: None

**Section 302 Extremely Hazardous Substances (TPQ):** None

**EPA Toxic Substances Control Act (TSCA) Status:** All of the components of this product are listed on the TSCA inventory

**VOC Regulations:** This product complies with the consumer product VOC limits of CARB, the US EPA and states adopting the OTC VOC rules.

**California Safe Drinking Water and Toxic Enforcement Act (Proposition 65):** This product does not contain chemicals regulated under California Proposition 65.

**Canadian Environmental Protection Act:** All of the ingredients are listed on the Canadian Domestic Substances List or exempt from notification

**Canadian WHMIS Classification:** Class D-2-B.

This SDS has been prepared according to the criteria of the Controlled Products Regulation (CPR) and the SDS contains all of the information required by the CPR.

#### 16 – Other Information

##### HMIS Hazard Rating:

**Health – 2 (moderate hazard), Fire Hazard – 0 (slight hazard), Physical Hazard – 0 (minimal hazard)**

Revision Date: July 29, 2015

Supersedes: New SDS

Revision Summary: Convert to Hazcom 2012. Changes in all sections.
